Applicant: Van Ginneken
Appl. No.: 10/828,547
Filing Date: April 19, 2004
Title: TIMING CLOSURE METHODOLOGY
Attorney Docket No.: MDAI.001US3
Pub. No.: US 2005/0120319 A1
Pub. Date: June 2, 2005

This is a decision on the request for a corrected patent application publication under 37 CFR 1.221(b), filed on June 16, 2005, for the above-identified application

The request is DISMISSED.

The instant request is that the application be republished because the patent application publication contains the wrong correspondence address on the front page of the publication.

37 CFR 1.221 (b) is applicable “only when the Office makes a material mistake which is apparent from Office records.... Any request for a corrected publication or revised patent application publication other than provided as provided in paragraph (a) of this section must be filed within two months from the date of the patent application publication. This period is not extendable.” A material mistake must affect the public’s ability to appreciate the technical disclosure of the patent application publication, to determine the scope of the patent application publication, or to determine the scope of the provisional rights that an applicant may seek to enforce upon issuance of a patent.¹

The error in the correspondence address is an Office mistake, but it is not a material mistake as required by 37 CFR 1.221(b). The error in the correspondence address does not affect the public’s ability to appreciate the technical disclosure of the patent application publication, to determine the scope of the patent application publication or to determine the scope of the provisional rights that an applicant may seek to enforce upon issuance of a patent.

The applicant is advised that a “request for republication of an application previously published” may be filed under 37 CFR 1.221 (a). Such a request for republication “must include a copy of the application compliance with the Office’s electronic filing system requirements and be

accompanied by the publication fee set forth in § 1.18 (d) and the processing fee set forth in § 1.17 (i).” If the request for republication does not comply with the electronic filing system requirements, the republication will not take place and the publication fee set forth in § 1.18 (d) will be refunded. The processing fee will be retained.

Any request for republication under 37 CFR 1.221(a), must be submitted via the EFS system and questions or request for reconsideration of the decision, should be addressed as follows:
